ACCO Benefit of the Month Corner

SEPTEMBER - ACCO FORUM NETWORK

The Forum Network is an organized group of ACCO non-competing contractor members working together to share ideas. Members in the group work together to help each other improve their businesses -- frequently acting like an informal "board of directors" for each other's company.

During meetings, members review company policies, operating procedures, employee performance and related labor issues, advertising and marketing strategies, quality improvement, industry sensitive issues, and service operations, among other data.

Always looking for ideas for Membership Meeting Topics & Social Outings.

If you have any suggestions feel free to pass them along to either the committee, the office or any one on the board of directors

Always looking for potential members

If you have a contractor in mind, please invite them to a membership meeting and/or contact Joyce to send a packet of information on what the association has to offer to its members.
