31 SERIES VINYL WINDOWS

Single Hung, Horizontal Slider, and Picture Windows

High-Performance Features & Benefits

- Single Hung & Picture Window meet AAMA Grade 50 Performance and above. See our website for additional performance data.
- Economical, builder model, designed to achieve better performance ratings than aluminum windows
- Pocket Sill for improved structural rating and positive water drainage
- Metal reinforced meeting rail with true interlock system for added strength and security
- Side-load take-out bottom sash for easy cleaning
- Sealed insulating glass with Duralite™ metal free insulated glass system maximizes thermal performance and reduces condensation
- Pre-punched integral nail fin for easy installation
- Felt wool pile weather stripping for maximum air leak protection

- Fusion-welded corners along with double wall frame provides added strength and insulation
- Smooth operating block & tackle balance – maintenance free
- Continuous head and sill factory mulling standard – optional field mullion
- Insect screen available (Not intended as a safety screen to stop children from falling through an open window)
- Available glass selection: Cardinal LoE³-366 glass, tinted glass, obscure glass, tempered glass, rain glass and gluechip glass
- Interlocking sweep lock with hidden zinc keeper for added security (passes forced entry test)
- SDL (simulated divided lite) available
- 3/4" grids between the glass available
- 5/8" I-G Standard - 3/4" I-G Optional
- Geometric and architectural shapes
- Full family of Single Hung, Single Slider, 3-Lite Slider and Picture Window
- Limited Lifetime Warranty

Vinyl Frame colors available:

- White
- Almond
- Clay

Standard painted exterior colors available for an additional charge:

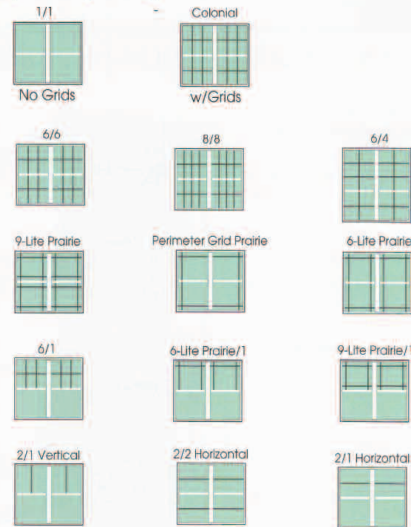

- White
- Tan
- Beige
- Champagne
- Earth Tone
- Brown
- Bronze
- Green
- Brick Red
- Cranberry
- Grey

Custom painted exterior colors available at an additional charge.

31 SERIES VINYL WINDOWS

Typical Single Hung Lite Grid Patterns

- Cabinet size = Rough Opening Size
- Unit dimension is measured from inside frame edge to inside frame edge excluding the nail fin
- Twin unit - R.O. = Single Window R.O. X 2
- Triple unit - R.O. = Single Window R.O. X 3
- Factory mullied units only available up to 108" total

- Width: Wider units must be field mullied
- Equal sash 6'-0" tall window available. Must be specified on order as equal sash
- Custom sizes available
- Custom lite patterns available

MARITECH WINDOWS were awarded the FIRST Green Approved Products Certification in the window/door product category from the National Association of Home Builders Research Center. Visit www.greenapprovedproducts.com for more details.
